Lorena Gaxiola + HILLMORR

## About *the inspiration*

Drawing upon Lorena's cultural background and influences, she skilfully infuses her artwork with profound messages of positivity, celebrating the beauty of diversity and unity. Inspired by her deep fascination and expertise in architecture, each design is a testament to the harmonious blend of form and function. The outcome is a remarkable fusion of skilful craftsmanship and artistic expression, creating a captivating tapestry that not only pleases the eye but also tells a story of passion, creativity, and cultural appreciation.

Every pattern in the collection comes alive, infused with symbolic depictions of water, owls, angels, hand-drawn feather motifs, and crystals. These elements engage in a profound dialogue of positivity and spiritual equilibrium, harmoniously working together towards a singular purpose: cultivating a sense of balance for the mind, body, and soul.

This purpose transcends the creator, inviting everyone to participate in and savour the shared journey.
